

C. P. KEEFER IS TO BE ACTING COUNTY SUPT.

Clarence P. Keefe, assistant county superintendent of schools, today was announced as the new acting superintendent, to begin his duties January 1.

The county school board has named Mr. Keefe as acting superintendent and has petitioned the state superintendent of schools to commission him as superintendent to fill the unexpired term of H. Edgar Riegle, who resigns the county post December 31 to become Gettysburg superintendent of schools, succeeding Dr. Lloyd C. Keefe, who is retiring.

The term to which Mr. Keefe has been named will expire on the first Monday of July, 1958.

Principal For 23 Years

A native of Campbelltown, Lebanon County, the new superintendent is a son of the late Mr. and Mrs. J. Adam Keefe. He was educated in the rural schools of Lebanon County, attended Elizabethtown College, and graduated from Millersville State Teachers College and Gettysburg College. He received his master's degree from Columbia University and has done additional study in school administration at Pennsylvania State University.

He taught in the rural schools of Lebanon County and served as principal of the New Oxford schools for 23 years. He was an assistant administrator, guidance counselor and teacher of French at Biglerville High School and since 1954 has been assistant superintendent of the Adams County Schools.

He has served as secretary of the New Oxford borough council for the last nine years, retiring this month. He is a member of the New Oxford Masonic lodge, of the chapter and commandery of Gettysburg, the New Oxford Lions and is a life member of the PSEA and NEA. He is a member of the boards of directors of the Warner Hospital and the Adams County Free Library. For 25 years he has been affiliated with the New Oxford Boy Scout committee and with the Conewago District and York-Adams Boy Scout Council.

He served as secretary-treasurer of the New Oxford Public Library committee and several years ago was presented with a citation by Hood College for service to youth.

TWO PETITIONS FOR PAROLE ARE REJECTED HERE

Petitions for parole of two men were denied for the present by the Adams County court this morning.

Attorney John Carroll of Philadelphia appeared on behalf of Edward Benatti, Philadelphia, serving 11 to 22 months on charges of burglary and larceny and a morals charge growing from the theft of three paintings from the Misses Sneeringer at Hanover R. D., near Conewago Chapel.

The paintings have been returned, Carroll pointed out, and Benatti is needed to support his wife, child and mother-in-law. Benatti was sentenced September 1 to the Allegheny Workhouse. His wife, appearing on the stand with their 14-month-old daughter said she felt Benatti's troubles with Hanover R. D. girl and the theft of paintings owned by the girl's aunts, came about because of a family quarrel in which the wife "ordered him out." She said she now wants her husband to rejoin his family and has arranged for employment for him.

Attorney Carroll said Benatti is also wanted in Philadelphia on a charge of conspiracy to commit a robbery. The court agreed to let Benatti stand trial in Philadelphia whenever the courts want him there, but turned down the parole petition until the 11 months have expired.

The other appeal was for John David Carr, Harrisburg, sentenced September 1 to a year in the Allegheny County Workhouse on a charge of cheating by false pretense. Attorneys for Mrs. Carr stressed financial difficulties of the family. The court held that it meant what it said when it noted originally that it would consider a parole in six months, no less.

\$4,530 AWARDS TO SAYLORS IN ACCIDENT CASE

Settlement of the action in trespass brought by Robert F. Saylor Jr. and Ann Saylor, Gettysburg R. 3, on their own behalf and for their son, Larry Robert Saylor, against Harry F. Legore, Hanover R. 2, was approved by the Adams County Court following a hearing this morning.

The settlement was for \$4,530, of which \$2,530 will go to Mr. and Mrs. Saylor and \$2,000 to their son for his injuries when he was struck by a car driven by Legore on May 14, 1955, near the Saylor's home along the Table Rock Rd. at Grandview Terrace.

The amount allocated to Mr. and Mrs. Saylor represented \$1,803.38 spent on hospital and medical service plus \$726.62 for expenses involved in loss of time from work while with their son at the hospital, and expenses of the parents in connection with the child's hospitalization.

Doctors Testify

Dr. Bruce N. Wolff, associate surgeon at the Warner Hospital, testified to the injuries to the six-year-old child, including a fractured skull. The child now corks his head to the side to "balance up" his vision and probably will continue to do so," Dr. Wolff said. He also said the child has a slightly weaker right leg, and probably always will have one, and has vision and possibly a slight hearing difficulty as a result of being hit by the car.

Dr. W. S. Mountain said he had joined in advising that the child be sent to a Baltimore hospital for care by specialists because of pressure from blood inside the skull after the accident had caused a severe blow to the head.

PLANS TO BUY COUNTY LAND AS NEW SCHOOL SITE HIT SNAG TODAY

The petition of the Adams County Commissioners to sell a 10-acre, 55-perch plot of ground north of E. Broadway extended to the Gettysburg School Authority struck a legal snag in the county court this morning and no decision was reached immediately following a hearing.

Attorney John A. MacPhail for the school board and Attorney Donald G. Oyer for the commissioners were asked by the court to come up with some new agreement after the court indicated that it could not accept the present agreement containing provisions that the county may buy back the land at its sale price—\$45,000—if the school board does not build a school within five years, or if it decides a school is not needed.

The court held that the restriction represented a conflict in statements and added that it considers the restriction on the sale "invalid."

How Price Was Fixed

The hearing had proceeded normally with E. Donald Scott, chairman of the commissioners, testifying that the county had entered into an agreement to sell the plot to the school board for \$45,000. Scott said the county no longer had use of the ten acres. The commissioners felt the remaining 230 acres of land in the county home property would be sufficient for the use of the county home, and that the need for hiring help to operate the farm made it advisable to reduce the size of the operation to a certain degree, thus making the land no longer of use to the county.

Scott added that the commissioners had arrived at the price of the land by estimating that the ten acres would make 30 lots, "and we felt a fair price would be \$1,500 per lot."

When Attorney Donald G. Oyer questioned Scott about the agreement between the school board and the commissioners, Scott said the agreement provided that the land be sold back to the commissioners if not used for a school.

Asks Some Questions

Judge Sheely then took up the question of the potential re-sale, if a school is not built. He indicated that the law provides that county can sell only if it no longer has use of property, and it can only buy if it has need of property. It also must sell at the highest possible price.

The court held that generally it is assumed that restrictions tend to lower the price that can be obtained for land.

In addition, the court noted, if the land is unnecessary to the county now, and thus can be sold, what will make it necessary to the county that it can be bought back, provided the school is not built?

Price Held Adequate

Scott answered that the restriction was in after the price had been established and was placed there merely to protect the county to keep the school board from selling lots if it should decide not to build a school.

The court observed that if the land is unnecessary to the county, then it should be sold free and clear and that the county had protection from any nuisance that might be built through equity action if such a threat developed.

The court also indicated that the

NONE HURT IN CRASH

No one was injured when two cars collided four miles south of here on the Emmitsburg Rd. Sunday morning at 9:15 o'clock. Damage totalled \$225. State police said Walter E. Plank, 21, Gettysburg R. 2, was driving south and slowing to turn into a township road when another southbound auto, operated by Clinton S. Campbell, 50, Oriskany Falls, N. SATCHMO TOOTS FOR HUNGARIANS

By EDDY GILMORE
LONDON (AP) — Louis Armstrong blew into London today to play his famous trumpet for Hungarian relief. The 56-year-old jazzman who learned his music in a New Orleans school for waifs, found himself in select company.

At the airport to welcome him was the Hon. Gerald Lascelles, first cousin of Queen Elizabeth II, and the Marquis and Marchioness of Donegal.

"Satchmo," said the Hon. Gerald, "all London welcomes you."

"Thank you, Daddy," said Armstrong. "It was a rough flight over the ocean from New York, but I'd fly anywhere in the world for Sir Cullum Welch, the lord mayor."

Armstrong will appear at Royal Festival Hall tomorrow night, accompanied by the 100-piece Royal Philharmonic Orchestra, for the Lord Mayor of London's Hungarian relief fund.

Sir Laurence Olivier will introduce the trumpeter and the lord mayor will speak.

Later he was chosen by President Coolidge to represent U. S. nitrate interests at a cooperative nitrate conference in Sweden.

ASKS DAMAGES AFTER ACCIDENT

Horn's Motor Express, Inc., which maintains its central offices at Chambersburg, has been named defendant in a \$50,000 damage suit filed in the Cumberland County courts at Carlisle. The suit was filed by Miss Zeina D. Richwine, of Gardners R. 2. Basis for the suit was a collision on Route 11, between Carlisle and Harrisburg, on January 11, involving a Horn truck operated by Daniel Varner and a passenger car operated by Miss Zula Richwine, sister of the plaintiff.

Miss Zeina Richwine, who was a passenger in the car operated by her sister, claims that as a result of the accident she suffered a compound skull fracture, multiple cuts, bruises and abrasions.

Employed at the time of the accident at the First National Bank in Mt. Holly Springs, Miss Richwine claims that she will be permanently partially disabled. As a result of her injuries, Miss Richwine says she now suffers deafness of the right ear, dizziness, a constant ringing noise in her head, severe and frequent headaches and damage to her nervous system.

The plaintiff in her bill of complaint said the accident occurred when her sister brought her car to a gradual stop at the rear of a line of halted traffic. Several seconds after the car was stopped, the complaint continues, it was struck violently from the rear by the Horn truck. The impact drove the Richwine car against the car ahead, then it ran off the highway, through a fence and into a field.

The car involved in the accident was owned by Ross M. Richwine, father of the plaintiff.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times
ONE HUNDRED YEARS AGO

Gettysburg: We have anticipated our usual publication day to lay the Message of the President before our readers. There is some in it, which will meet with approval, but much, very much to condemn. To use the language of a contemporary, we cannot forbear to express our regret that the President saw proper to degrade his high position as Chief Magistrate of the Nation, by devoting a portion of his message to Congress to a discussion which, however appropriate in the recent Presidential canvass, is entirely out of place in his message, and unbecoming his exalted station. It is unworthy of a place in an official document like it, coming from the President of the United States, and deserves the indignant condemnation of all fair and liberal minded men. He would have done more honor to himself, and reflected infinitely greater credit upon the station he holds, had he omitted that part of it which is intended as a fling at one of the parties in the recent canvass.

The Directors of the Poor, at their meeting on Monday last, appointed Mr. Jacob Culp, of this borough, Steward, in the room of Major Scott, removed. The latter was a very efficient and popular officer, and we have every reason to believe that his success will be acceptable. The new Steward will take the post on the 1st of April next. The appointments of Physician, Clerk and Treasurer will be made in January.

The Directors fixed the price of Pork at \$5.50 per hundred for hogs weighing over 150 and \$6 for those under the weight — They had purchased some previously, we learn, at \$7.

SEVENTY-FIVE YEARS AGO

Monday last was the 15th anniversary of Rev. J. K. Demarest, pastor of the Presbyterian church of this place. A number of members of the congregation visited the pastoral residence in the evening, bearing "crystal" gifts and expressions of personal regard. So quietly had the matter been managed, that it was a surprise to Mr. and Mrs. Demarest.

Mr. Editor: Permit me to express through your columns, for myself and my family, our sincere gratitude to the congregation I serve, for the beautiful and valuable gifts brought to the parsonage on last Monday evening. There was crystal in great abundance, as well as variety of shapes (it was the fifteenth anniversary of our marriage), and such presents of other material, as came, are no less appreciated. And the gathering in our parlors of so many friends, and the kind messages they brought with them from others who could not be present, we shall not forget; indeed, nothing was put in our hands, or could have been, to be so much esteemed, as the evidence of undiminished good will and affection sufficiently furnished in the pleasant faces, by which we were suddenly and unexpectedly surrounded.

We trust that in the future the congregation and the whole community may find no less, but more that heretofore, desirous to prove ourselves worthy of those cordial relations we have now enjoyed with all in Gettysburg for more than six years.

Very truly yours,
J. K. Demarest

LIVELY CURIOSITY

We wouldn't live a very interesting life if we had no curiosity, no desire to delve into the mysteries of this life and the wonders that curtain so much. Curiosity is what has given to the world most of its blessings. Curiosity is behind the pioneers, the inventors, the scientists and the researchers.

We owe to the scientists and experimenters the discovery of many a remedy that has lessened the danger of diseases that formerly wiped out thousands of lives. Who would suspect that the mold on bread, or other things, would someday do wonders in the saving of lives? The fear of pneumonia has mostly disappeared.

Curiosity begins with the child, and it should never be discouraged. The livelier the curiosity and imagination, the keener becomes the mind — alert, plastic and full of readiness.

The late Rex Beach spent some time in Alaska, hoping to strike a claim that would make it easy going later on, but it did not turn out that way. Later he became a brick salesman, and one day a friend showed him a nice check just received from a magazine editor. Beach read the story and said to himself, "I can write like that" — and he did! He drew upon his gold hunting days and wrote best selling novels, among which were "Pardners," "The Spiders," "The Silver Horde," "The Barrier," and many others. Had he never been curious to see what Alaska was like, he might have remained a salesman or lawyer and never endeared himself to a wide audience that loved red-blooded novels.

Many a time have I looked upon that crude through interesting small automobile which was the first that Henry Ford built. As a youth he was fascinated with watches, and fixed many a one for his friends. He liked to study things that people called impossibilities. That lively curiosity made him the world's first billionaire! But far greater, a blessing to mankind.

Tomorrow Mr. Adams will talk on the subject: "What's a Friend?"

Protected, 1956, by the George Matthew Adams Service

Just Folks

THE BUSY MAN

He was a busy man and yet
No friend who suffered he'd forget.

He rose at dawn, at night worked late
But found the time to pay a call.

He promptly kept each business date
But still remembered one and all.

Beside his desk for hours he stayed,
Transactions pleasantly he made.

When asked to call on some one ill,
Though many cares were on his mind.

He didn't say, as many will:
"I will if ever time I find."

Though tired when he got home at night,
He'd go to share another's plight.

The hours seem few to all men now
And steep the hills they have to climb.

But to assist a friend, somehow,
He always seemed to find the time.

Excuses for ourselves we find.
We could be gracious, generous, kind.

Though he was busy night and day,
The clock kept ticking in the hall.

Yet often on his homeward way
He'd find time enough to pay a call.

WASHINGTON (AP)—President Tito of Yugoslavia may soon be invited to visit the United States, it has been learned.

Authorities also appeared to feel that Tito — a Communist leader who successfully broke away from Russian domination in 1948 — would accept such an invitation from President Eisenhower.

Titoism — defiance of Soviet rule — has assumed a new importance in the Western world in the wake of the successful revolt against the Kremlin in Communist Poland and the bloody revolt in Hungary.

Some time ago Yugoslavian representatives put out strong feelers for a similar invitation for Tito, which Washington ignored.

Santa and the SECRET ROOM

by LUCRECE HUDGINS BEALE

By LUCRECE HUDGINS BEALE

Synopsis: My family would not believe my story. I wished that Calhoun McGillicuddy were there to help me. In the middle of the night he appeared in answer to my wish. He fainted when I told him about Santa.

CHAPTER 12

THE AGREEMENT

When Calhoun McGillicuddy revived he grasped my hand. "Alexander, you've given me a mighty shock. Now tell me it's a joke and I'll forgive you, boy."

I told him it wasn't a joke. I told him how we had found a sorcerer in the palace who was pretending to be king and was searching for a mixture that would turn everyone into gold.

So far he had managed only to turn people into stone and that is what he had done to the real king and to the princess and to Santa.

"Oh, it's awful!" I cried. "No one will believe me and I don't know what to do!"

Calhoun McGillicuddy pounded his fist into his hand. "There's only one thing to do! Come with me, Alexander."

I wiggled into my clothes and went out with the elf.

If the sorcerer has something that will turn people into stone he must have something that will turn them back again," said McGillicuddy. "It's up to you to get it from him."

"But, what can I do?"

"Offer gold to the sorcerer," said the elf. "If gold is what he wants then we will find him gold."

Tell him you'll get him lots and lots of gold if he'll turn Santa and all those folks back to themselves."

"What if he turns me to stone?" I quavered.

"Sooner or later," said McGillicuddy, "he's going to turn everyone to stone."

I could see he was right. I went with him to the palace. He crept under a bush to wait for me.

I went up to the guard house. "The king is looking for me," I said.

The astonished guard took me into the palace and led me to the secret room.

The door opened a crack and the sorcerer reached out and drew me in.

"Boy," he said happily, "am I glad to see you! I've mixed a new formula tonight and this is surely the right one. It is so powerful it will take three days to work. I will sprinkle it on you and in three days you will turn to gold!"

"Oh, sir!" I cried. "If it's gold you want I can get you lots of gold!"

His eyes glittered. "Can you now? Ah, that would be wonderful!"

"Yes," I said, "and then you won't have to keep experimenting and you won't have to try to turn people into gold."

He nodded eagerly. "I hate these experiments. I hate all this mixing of chemicals. I hate hurting people. But I must have gold. Tell me, boy, how much gold can you get me?"

"Oh, lots! If you will make a powder that will turn Santa and everyone back into themselves I'll get you lots of gold!"

"I don't have to make anything," said the sorcerer. "I already have an ointment. I have only to rub in on the noses of the statues and they will return to life. But once turned back I can never change them again."

"Then you'll do it?"

"Yes," nodded the sorcerer. "I'll do it if you bring me a pot of gold."

"Oh, I'll bring you much more than a pot!"

"The pot I'm talking about never empties. No matter how much you take out it is always full."

My heart sank. "What pot is that?"

"Why," said he, "it's the pot of gold at the end of the rainbow."

SAYS EGYPT IS WALKING INTO HER OWN TRAP

By WILLIAM L. RYAN

AP Foreign News Analyst

PARIS (AP)—Egypt, at the moment the acknowledged leader of the Arab world, is walking into a dangerous trap of her own making.

Events of the past two years, climaxed by the recent hostilities, are pushing Egypt ever closer toward unbreakable ties with the Soviet Union and the Communist bloc.

A system of political trade — at which the Russians have become expert — threatens to chain Egypt to policies of the Red bloc.

She already has gone dangerously far along the road. Her sister Syria is just beginning to look down the same road, but the pattern there is still in its early stages.

This correspondent has just returned from a swing through the Middle East. There he found much clear evidence that Arab leaders are becoming frightened at Egypt's danger.

York Springs

CAPITAL CITY UNDERTAKERS DINE THURSDAY

The Capital City Funeral Directors' Association, an organization which includes Dauphin, Adams, Franklin, Cumberland, and Fulton Counties, held its Christmas banquet at the York Springs Community Hall on Thursday evening. A turkey banquet was served to the group by the Wesleyan Service Guild of the York Springs Methodist Church. This is the eleventh consecutive year that the group has held its Christmas banquet there.

The officers of the organization for this year are: President, David Musselman of Lemoyne; vice president, Fred Felsner, New Oxford; secretary-treasurer, Marlin Poe, Waynesboro. Rev. Norman Bortner, pastor of the York Springs Lutheran Church, gave the invocation and talked to the group.

After the banquet, the group retired to the home of Mr. and Mrs. R. L. Pittenturf, the York Springs funeral director, and his wife who served as host and hostess to them. Mrs. Pittenturf entertained the ladies while the men enjoyed a card party and held an election of officers when these new officers were chosen for the coming year: President, Fred Felsner, New Oxford; vice president, Urie Lutz, Carlisle; secretary-treasurer, Marlin Poe, Waynesboro. Kenneth Knight from Highspire will be a guard. Roy Hoffman, Carlisle, was elected to the executive committee for three years. Irvin Van Seyoc of Shippensburg, and Miles Zimmerman Sr., Lingelstown, were elected to the Legislative committee for one year.

Gift For Principal

All of the teachers in the North Adams Jointure met in the York Springs School cafeteria and were served a meal prepared and served by the home economics teacher, Mrs. Stutes, assisted by Mrs. Hutchins and Mrs. Topper, teachers, and the school secretary, Mrs. William Shook. Music was furnished by the me ans of tape recording which was done Friday morning by the Senior Chorus under the direction of Miss Kathryn O'Boyle. Dale Roth presented a Hamilton gold wrist watch to the acting supervising principal, Rev. Amos D. Meyers, in behalf of the teachers as "a token of their respect and appreciation." Rev. Meyers responded expressing his surprise and thanks.

The combined choirs of the York

ened by the British-French-Israeli attack, seem to have closed off for the time being any readily accessible avenues of rescue from the West. For the moment, only President Nasser has the power to change the direction of Egypt's course. And he himself in a sense is a prisoner of his own policy.

It is still not too late for Nasser to seek a way out of his trap. He still has a choice before him. He still can attempt to return to the original aims of the Egyptian revolution, turning the attention of the nation inward to its own monumental problems. He can try, possibly with American help, to build Egypt patiently into a position of internal strength that would make resistance to Soviet pressures possible. Or he can continue on the other road.

The Russians are patiently fashioning a chain with economic links. Egypt's trade with the East is carried on through a series of twoway agreements which amount in the long run, to barter. These bilateral deals are a form of political trade used by the Russians in attempts to drive the West out of certain markets. The pressure on Egypt is becoming enormous now.

The Communist bloc has become almost the only supplier for Egypt and at the same time an intermediary for the Western goods Egypt needs. The Russians seem to expect that Egypt eventually will be forced to gear her economy to the East bloc. Then the strong political infiltration will begin.

RANELS, CRIMINAL TRAPPED BY FBI

LITTLE ROCK, Ark. (AP)—Charles Edward Ranel, one of the FBI's 10 most wanted men before his capture last night near Pine Bluff, Ark., was scheduled for arraignment today before a U. S. commissioner for violations of the federal bank robbery statute.

The 34-year-old Ranel had been sought by the FBI in connection with bank holdups in Kentucky and Arkansas.

Also scheduled for arraignment on a charge of harboring Ranel was blonde Opal Oneida May, 32, arrested with him by FBI agents in a raid on a rural grocery store she operated.

Ranel and the woman had been living in a shack in a wooded area 7 1/2 miles from Pine Bluff off U.S. Highway 270, the FBI said. They were taken without resistance at a store in the Dewdrop community.

Springs and New Oxford choirs presented the cantata "Night of Holy Memories" under the direction of Mrs. Robert Rhoads in the Emory Methodist Church, New Oxford, on Sunday at 7:30 p.m. The group will present the cantata in the York Springs Methodist Church on Sunday night, December 23.

The annual Christmas party of the Wesleyan Service Guild was held at the home of Mrs. Dale Williams with Mrs. Ruth Naugle and Mrs. Lloyd Williams as co-hostesses. Twenty-four members were present. Recorded Christmas carols were played. The birthdays of Mrs. Larry LaRue and Mrs. Dale Williams were honored by presenting each with a birthday cake and their "secret pal" presenting them with a gift.

The "secret pal" for the last year was revealed and Christmas gifts given after which names were drawn for the coming year. Refreshments were served. The centerpiece was made of greens and candles around which was an apple Santa Claus for each member as a favor. The January meeting will be held at the home of Mrs. Roy Bittinger with Mrs. John Roy Diehl Jr. as co-hostess.

2 CHURCH FIRES AND ATTEMPTS CALLED "ARSON"

TRENTON, N.J. (AP)—Police have termed as "definitely arson" two church fires and attempts to start blazes in two other churches early yesterday.

Historic First Methodist Church suffered some \$200,000 damage. A smaller blaze did an estimated \$500 damage to the First Born Living Church about a mile and half away. Detective Capt. Joseph E. Welsh said police found gasoline ignited in two other small churches close by the original fire.

Police and the Mercer County prosecutor's office continued their investigation today.

Welsh said the fires were "definitely arson."

Religious Fanatic

Another officer, Lt. Lawrence Blocking, said: "This is apparently the work of a religious fanatic firebug."

The blazes came nine months after St. Mary's Roman Catholic Cathedral was destroyed in a three-million-dollar fire. The lives of Msgr. Richard T. Crean and two women housekeepers were lost in that disaster, which is still listed as suspicious.

Some 125 firemen answered the general alarm for the Methodist church fire at 4:30 a.m. Four suffered minor injuries and four others narrowly escaped injury or death when a metal dome and roof collapsed into the two-story Sunday school section.

11 Killed When Old Auto Strikes Train

PHOENIX, Ariz. (AP)—An ancient passenger car slammed into the Southern Pacific's Golden State Limited today, killing 11 persons in the car.

The Limited, traveling at 75 m.p.h., continued on its way into Phoenix's Union Station, some three miles away, and only then did the train crew discover the accident.

Bits of human flesh and a car fender were found around the forward truck of the second half of the diesel engine.

The mortuary attendant said that the dead were three children and eight adults, but the bodies were so badly mangled that he was unable to determine their sex. He said he believed they were of Spanish-American or Indian descent.

SHOCK CAUSES DEATH

LOCK HAVEN, Pa. (AP)—Clinton County Coroner Robert Bryerton says shock caused the death of a Bloomsburg, Pa. man who was shot while deer hunting Saturday in Logan Twp., Clinton County. The victim, Darwin C. Fiedler, 27, was wounded while hunting with his uncle, Norman Bressler, 41, Logan.

KILLED IN CRASH

NICHOLSON, Pa. (AP)—Mrs. Dorothy Oakley, 52, Lathrop Twp., Susquehanna County, was killed Saturday when the car she was in left the road and crashed into a tree between Nicholson and Dimock. Her husband, Herbert, a farmer, was taken to Moses Taylor Hospital, which reported him in fair condition. He suffered scalp cuts, fractured ribs and possible internal injuries in the accident.

SEEKS SPACE TO ANSWER UNION

PITTSBURGH (AP)—The head of a group protesting a \$2-a-month dues increase for the United Steelworkers has asked for space in the union's newspaper, "Steel Labor," to reply to what he calls "biased criticism" of the protest movement.

In a letter to union President David J. McDonald, Don C. Rarick charges that Secretary-treasurer I. W. Abel made some biased remarks in Chicago that were carried in the December issue of the newspaper.

Rarick, head of the so-called Dues Protest Committee and a candidate for nomination to oppose McDonald for the presidency in February, asked for equal space in the January issue to answer Abel.

Rarick said in the letter: "In his obvious attempt to intimidate all the membership of the USW, Mr. Abel showed callous disregard and utter disregard for the feelings of individual brothers in the union x x x"

War Crisis Eases So Couple Is Wed

PHILADELPHIA (AP)—The wedding bells have rung and all's well for a young Philadelphia sailor whose marriage plans were interrupted three weeks ago by the Middle East crisis.

Fred W. Wiley, 22, and Miss Shirley Carpenter, 21, Central Falls, R.I., were married Saturday in Philadelphia after the return of his ship, the U.S.S. Leyte, which was ordered to sea just before the two planned to be married Nov. 24.

Attempts to have Wiley flown back from the carrier were unsuccessful, but last week the Leyte finally returned, and the Navy gave Wiley a 13-day leave.

"MISSING" VET IS TRANSFERRED

PHILADELPHIA (AP)—The Lancaster, Pa., war veteran who was declared legally dead after being missing for 11 years, then was found in Philadelphia mental institution will be transferred to Lebanon, Pa. hospital.

Chris Kusupolis, 38, will be sent from Berry State Hospital here to the Lebanon Veterans Hospital before Christmas it was announced yesterday.

Kusupolis has been visited by his mother, Mrs. Andrew Kusupolis, and a sister, Mrs. August C. Pavlovic, of Lancaster. According to authorities he greeted them by name.

Goal In Final Ten Seconds Gives Hofstra 71-69 Verdict Over Bullets; Freshmen Win

Henry Schwab, 6-7 Hofstra center, sank a close shot with 10 seconds of play remaining to give the Flying Dutchmen a 71-69 decision over the Gettysburg College eagles here Saturday evening after a nip and tuck battle from start to finish.

With 1.25 minutes of play remaining, Marj Miller tied the score at 69-69 for the Bullets. Hofstra took possession and played possession ball, waiting for a lone hot. Schwab got close under the basket to score unopposed. The Bullets immediately called time and planned strategy for a last attempt in the final eight seconds. Del Warfel made the fumble attempt but even if the ball had dropped through probably would have been too late.

Close All Way
The score was tied 12 times and the lead changed hands 10 times. At no time was there more than a six-point spread for either team.

Midway in the first half Hofstra led 18-13. Gettysburg caught up at 26-26 via a pair of fouls by Miller and a goal by Warfel. Bobby Walsack landed a pair of fouls to put the Bullets on top at 28-26 before two goals by Dennis Costigan put the visitors back in front. A three-point effort by Tim Cousins again gave Gettysburg the lead at 31-30. Bill Rathje knotted the score with a foul and his goal as the buzzer sounded enabled Hofstra to enjoy a 33-31 halftime edge.

Hofstra started fast in the second half on a goal by Paul Ruppert and two fouls by Dan Geoly and held the lead until Frank Grzelecki put the Bullets in front 40-39 on a jump shot at 3:07.

It was nip and tuck before the Dutchmen pried up a 64-58 lead after 13:28. After the score stood 69-64 the Bullets spurred to knot the count. Warfel looped a foul and Miller added another. Walsack dribbled under for a goal and Miller's shot tied the score after 18:35. Hofstra then began its stall and got Schwab loose for the winning tally.

The Bullets failed time and again to use their height advantage to good use. Hofstra's combination pressing and 2-1-2 zone defense gave the Bullets considerable trouble.

Play At Dickinson
It was the fifth setback in six starts for Gettysburg who next meets Dickinson at Carlisle Tuesday evening.

Jack Ridinger's freshmen team came through with its first triumph by taking the preliminary game 64-54. The frosh will also play at Carlisle Tuesday.

DONS TAKE ON BIG 10'S BEST AFTER 60 WINS

By DON WEISS
Now comes the 48-hour period that Coach Phil Woolpert and the San Francisco Dons must have thought would have them twisting and turning.

The Dons take major college basketball's longest winning streak ever into George Huff Gym in Champaign, Illinois, to meet Illinois' unbeaten Big Ten favorite.

If the string, now standing at 60, still is intact, then there's Western Kentucky's racehorse Hilltoppers Wednesday in Louisville.

Both the Illini, seventh-rated in the last Associated Press poll, and Western, ranked 12th, take a lot of beating in their own balliwick.

"The Dons, NCAA champions the last two years but something less than invincible since Bill Russell and K. C. Jones departed, learned what it feels like to lose over the weekend—but it was a loss that didn't count."

Russell, Jones and others of the U.S. Olympic championship basketball team spilled the Dons 83-52 in the windup of an invitation tournament at Chicago Stadium Saturday night. Since the Olympians are no longer collegians, the game didn't affect the Dons' record.

Illinois, warming up for San Francisco, made Loyola of New Orleans its third straight victim 83-71 Saturday, and such acknowledged powers as Kansas, North Carolina, Southern Methodist, and West Virginia stretched their winning strings.

Washington, beaten by Wilt Chamberlain and the top-rated Kansas Jayhawks 77-63 Friday night, tried triple-teaming The Stilt in the rematch Saturday. Wilt, who got 30 points with two defenders working on him in the first game, befuddled the extra man too and scored 37 while the Jayhawks made it four in a row for the season, 92-78.

W. Va. Toples Duke
North Carolina went into overtime to edge South Carolina 90-86, and SMU smothered a good Xavier of his team 92-71 as Jim Krebs hit for 37.

West Virginia toppled unbeaten Duke 83-82 to win the Birmingham Classic.

Louisville, always among the nation's leaders, bounced back from its loss to Canisius to whip Marquette 75-68, and St. Louis made another bid for attention by defeating LSU 86-52.

Panthers Beat Duquesne
Sophomore Don Hennon, only 5-foot-9, paced the Pitt attack in the Steel Bowl final at Pittsburgh, as the Panthers beat Duquesne, 59-0. Hennon tossed in 16 points and 6-foot-3 junior Julius Pegues made 14 in the consolation final.

Geneva rallied from a seven point deficit with only two minutes left for a 89-86 victory in a double-overtime game.

St. Joseph's stayed unbeaten by toppling Lafayette 67-60, in the Paetopia doubleheader in Philadelphia. Villanova won the second game, 81-73, from William and Mary.

Penn dropped its second straight Ivy League outing, 72-66 to Brown at Providence, R.I. It was the first time the Bruins have beaten Penn in their 12-game rivalry.

Penn State was the winner over Colgate in a low scoring 51-44 battle. LaSalle knocked off Niagara, 83-74.

In other games, Lehigh edged Swarthmore, 65-63; Lemoyne beat Scranton, 77-76; Hofstra, behind Dennis Gostegan's 25 points, beat Gettysburg, 71-69; Jack Ziegler tossed in 27 to lead Franklin and Marshall to its fifth straight win, 92-73 over Johns Hopkins; Muhlenberg held off Delaware, 85-81.

Other scores: King's 80, Kings Point 75; W&J 89, Bethany 60; Steubenville 69, St. Vincent 68 (overtime); St. Francis 64, Quantico Marines 60; Westminster 94, Baldwin-Wallace 77.

WINS X-COUNTY
PHILADELPHIA (AP)—A final stretch spurt put Browning Ross two yards and one-tenth second ahead of Alex Breckenridge yesterday in the 10th annual Penn A.C. five-mile cross country run in Fairmount Park.

Ross outpaced Breckenridge after trailing with about 40 yards to go. The winning time was 28 minutes and 40 seconds. John Cunningham of Penn A.C. was third with 29:55. Ross also represented the host team; Breckenridge ran for Shanahan A.C. of Philadelphia.

ADVERTISE IN THE TIMES

MIDDLETOWN TO RELY ON SPEED; HAVE TWO VETS

(This is the seventh in a series of articles on prospects of South Penn Conference basketball teams written by members of the South Penn Sportswriters Association.)

MIDDLETOWN—Todd McHenry and Harry Stare, a pair of returning veterans, give Coach Ed Brunner the makings of another formidable court entry at Middletown High School this winter.

The Blue Raiders captured the first-half championship of the South Penn Conference last year, edging Carlisle, then succumbed to the Herd's late-season drive that carried the Green and White into the districts.

McHenry, 5-11 senior, and Stare, 5-10 junior, are Middletown's principal point-makers now that John Archer and Larry DiGirolamo have graduated.

Top Scorer Lost
DiGirolamo's loss is a big one. This bespectacled young man led all South Penn scorers with 282 points, a 20.1 average, last season. Archer's rugged rebound work will be missed, too.

Up from the jayvees and making a strong bid for varsity posts are Dick Tagalum, Irv Colston, Bert Sheeler and Bob Howell.

Football star John Wilt also is a candidate and may see considerable action. Bill McCanna, Bob Becker and Jim Smith round out the varsity array.

Lack Height
The Blue Raiders, lacking height, emphasize speed in their style of attack. Stare is a particularly pesky performer who can steal the ball and get away on a fast break. McHenry's all-round fine play makes him an early candidate for all-league laurels.

Middletown opened by shellacking Annville, 68-47.

The schedule:
December 7, Annville, home; 11, Steelton, away; 14, York Catholic, home; 18, Lebanon, away; 21, Central Dauphin, home; 28, Alumni, home.

January 2, Harrisburg Catholic, away; 4, Hershey, home; 8, Hanover, away; 11, Carlisle, home; 15, Mechanicsburg, away; 18, Gettysburg, home; 22, Shippensburg, away; 25, Waynesboro, home; 29, Chambersburg, away.

February 5, York Catholic, away; 8, Hershey, away; 12, Hanover, home; 15, Carlisle, away; 19, Mechanicsburg, home; 22, Gettysburg, away; 26, Shippensburg, home. March 1, Waynesboro, away 5, Chambersburg, home.

COLLEGE PARK BANK IS ROBBED

COLLEGE PARK, Md.—Two men kidnaped a bank employee and his wife early today, forced them to open a night depository and fled with an undetermined amount of money in 25 bags, it was reported today.

The bank employee and his wife, Mr. and Mrs. Donald Bishop of Hyattsville, Md., were released unharmed, the Federal Bureau of Investigation said in Washington.

An FBI spokesman said the robbery occurred at the College Park Branch of the Suburban Trust Co. The two men—one described as tall, the other short—fled in the Bishops' automobile and then abandoned it two or three miles away, the FBI said.

An FBI spokesman said the amount of money taken could not be ascertained until users of the night depository had been interviewed.

The FBI said the two men, both white, apparently released the Bishops at about 1:15 a.m. today. One of the robbers was described as being about 6 feet 4, the other about 5 feet 6.

Russell To Join Boston Celtics

BOSTON (AP)—Bill Russell, All America and Olympic wonder, will sign a Boston Celtics contract Wednesday and is expected to make his professional basketball debut before a national television audience.

Russell and Celtics' owner Walter Brown admitted last night that big Bill is ready to offer his 6-10 altitude and many talents to a club which has awaited such a landfall for 10 years.

"KID CUPPERS" MAY BE USED WITH AUSSIES

PERTH, Australia (AP)—U. S. Davis Cup Captain Bill Talbert, well aware Vic Seixas and Herb Flam figure at best as outsiders against the likes of Aussies Lew Hoad and Ken Rosewall, today was toying with the idea of using his "kid cuppers" against Australia in the Challenge Round.

As the team prepared to fly to Adelaide to begin practice for the cup final beginning Dec. 26, Talbert said he might turn to 19-year-old Mike Green of Miami and Sammy Giammalva of Houston unless Seixas and Flam prove to him in workouts they have a chance to win.

Face World's Best
"We have to start developing sometime," Talbert said. "And this might be the year. As of now, no man has his job clinched on this team."

The 33-year-old Seixas, in the midst of his sixth Davis Cup campaign, played exceptionally well as the Americans defeated India 4-1 in the interzone final here over the weekend.

Fiam, 28, won his singles match but looked to be well below top form.

And, as all observers pointed out, it is one thing to beat players like India's Ramanathan Krishnan and Naresn Kumar and another to handle Hoad and Rosewall, the world's best amateurs.

CHICAGO BEARS SNARE WESTERN PRO GRID TITLE

By JIM KENSIL
The Associated Press
Their names were Luckman, Sprinkle, Kavanaugh and Turner then. Now they call them Casares, Brown, Hill and Meadows. But they're still the Chicago Bears and once again they're champions of the Western Conference in the National Football League.

It took them 10 years, six of them in the runner-up slot, to make it back into the sun, but you don't rebound quick in the tough pro loop. Ask the Detroit Lions. After three title years, the Lions slumped to the cellar in '55. Then this season they roared back all the way—until yesterday when the Bears slapped them down 38-21 in the crucial contest at Wrigley Field.

Steelers Stun Redskins
The Chicago triumph followed Saturday's 21-7 New York Giant victory over Philadelphia that gave the Giants' the Eastern crown. The Bears and Giants meet Dec. 30 at Yankee Stadium for the world championship.

In other games yesterday, Pittsburgh stunned Washington 23-0; the Chicago Cardinals defeated Cleveland 24-7; San Francisco rallied to down Baltimore 30-17; and Los Angeles rolled over Green Bay 49-29. That wrapped up NFL action for the season, with the exception of Washington at Baltimore next Sunday.

Yesterday the Bears rolled like feared "Monsters of the Midway," the glory handle they earned by manhandling the NFL in the early '40s.

Double Duty For J. C.
Fullback Rick Casares, the league's leading ground gainer, ran for 190 yards; J. C. Caroline again did double duty and scored once while on offense; the Ed Brown-to-Harlon Hill passing combination clicked for another Chicago score; George Blanda booted (a field goal and five conversions) as Blanda always does, and that was all.

The Lions, severely maimed when quarterback Bobby Layne was knocked out of action in the second period, were only a shadow of the team that had beaten the Bears 42-7 two weeks ago.

17-7 At Halftime
Casares went 68 yards in one touchdown burst for a 10-7 Bear lead in the second period and the Chicagoans held it the rest of the way. It was 17-7 at halftime, they swapped TDs in the third quarter, and Bears won going away in the final period with two touchdowns to the Lion's one.

The Browns (5-7) wound up in a fourth place tie with Pittsburgh's Steelers. The Pitt team, led by quarterback Ted Marchibroda's passing, contained Washington all the way.

The Redskins (6-5), who can tie for second, lost their chance for the Eastern title when the Giants (8-3-1) whipped last-place Philadelphia (3-8-1) on Saturday.

Local Interest In Little Bowl Game
There will be added local interest in the Little Rose Bowl football game this year when St. Joseph's College, Collegeville, Ind., tangles with Montana State.

The Rev. Fr. Raphael Gross, who became the first assistant pastor of St. Francis Xavier Church here in 1939, is president of St. Joseph's whose team was selected as the best of 350 small colleges throughout the nation.

This Saturday St. Joseph's will play in the Aluminum Bowl game at Little Rock, Arkansas. The game is scheduled to be televised by the Columbia System.

BOOKS BANNED
TEL AVIV, Israel (AP)—The Israeli government today banned imports of books, newspapers and other publications from the Soviet Union. Importers were told that all import licenses already issued were canceled and no more would be granted.

Tufts New Team On Diplomat Grid Card

LANCASTER, Pa.—Franklin and Marshall College's 1957 football schedule, which comprises the usual eight contests, four at home and four away, will be highlighted by the inauguration of a new series with Tufts College.

F. and M. and Tufts will begin their home and home series here next fall on Saturday, October 19. The two teams will meet at Tufts in 1958.

The complete schedule as follows: October 5, Johns Hopkins, here; 12, Dickinson, away; 19, Tufts, here; 26, Albright, away; Nov. 2, Western Maryland, here; 9, Carnegie Tech, away; 16, Muhlenberg, here; 23, Gettysburg, away.

SCORTICINI TO FACE NEWCOMER
By THE ASSOCIATED PRESS
The preholiday lull cuts the fight schedule to the bone this week with only a few shows surrounding the television schedule.

The show from St. Nicholas Arena in New York tonight will feature a new face, Wilf Greaves of Edmonton, Alta. against experienced Italo Scortichini.

The Canadian boy, now fighting out of Pittsburgh, graduated from the amateur ranks last year. His record is 11-3-1 for 15 starts, 11 of them in 1956. He dropped a disputed decision to Ralph (Tiger) Jones in his only network TV outing.

Du Mont will telecast to some sections.

Pat McAteer, the British middleweight champ who made a hit by beating Jerry Luedde at St. Nick's Sept. 17, returns to box Spider Webb of Chicago on the Wednesday show.

Tony DeMarco, the hard-punching former welterweight champ from Boston, returns to Madison Square Garden Friday to try to get even with Gaspar Ortega, the Mexican who upset him Nov. 23.

Victory In Last Bout Gives Hofstra Wrestlers 20-15 Win Over Promising Bullet Squad

SYSTEM RATES BULLETS HIGH

Two Gettysburg College football players have been honored by the Williamson Rating System, Houston, Texas, for their play during the 1956 season. Each year the Williamson System, one of the nation's top football-rating syndicates, selects "Big," "Mid-Bracket," and "Little" All-American teams. Gettysburg is considered in the Mid-Bracket grouping, along with such schools as Bradley, Xavier, Mississippi Southern, Louisiana Tech, San Diego, North Dakota, Amherst, Trinity, Lenoir-Rhyne, Tufts, Bowling Green, Delaware, Bucknell, Lafayette, Lehigh, Muhlenberg, New Hampshire, North Dakota, Connecticut, Maine, Kent State, Omaha and Montana State.

The Williamson System selects 33 Mid-Bracket All-Americans plus a host of honorable mentions, and Gettysburg's Frank Capitani, junior fullback from Hershey, was named as one of the top 33. Senior end Bill Ward, Libertytown, Md., received honorable mention. Last year, both Ward and Capitani received honorable mention.

In naming the Mid-Bracket team, Williamson states: "This is in no sense of the word a 'Little' All-American team. It consists of players from teams with an extremely high rating. Many of these Mid-Bracket players would have made 'Big' All-American had they played at colleges in the national sports limelight."

Other players in Gettysburg's circuit of play named among the top 33 were Lehigh quarterback Dan Nolan and Lafayette center Noris Ellison.

SCRIBE TELLS OF NBC'S 30TH ANNIVERSARY AT MIAMI BEACH

By HAL BOYLE

MIAMI BEACH, Fla. (AP)—Notes from a roving sand dune:

Florida's flossy "Gold Coast" became the nation's television capital over the weekend as TV dignitaries ranging from David Sarnoff to J. Fred Muggs gathered here in Pastelville-by-the-Sea for NBC's 30th anniversary.

Startled Seminole Indians paddled deeper into the Everglades to escape the video invasion, but everyone else in Southern Florida seemed bent on crashing the convention site—the glossy \$17 million dollar Americana, "hotel of the year"—for a wide-eyed look at some of TV's top stars at work and horseplay.

Most of the fans were autograph collectors, but one lady had a more serious hobby. When security police caught up with her a few minutes after she had skipped past the stout rope separating the upper crust from the lower crust, she had collected three handbags and was amiably looking around for a fourth.

Lady Swimmer Stung

You can lead a celebrity to water, but getting him into it is another matter.

Most of the glamorous stars stuck to the air waves, and boycotted the ocean waves—particularly after a sneaky gelatinous

Portuguese man-o-war floated in and stung a lady swimmer on her—

"Well, if you'd been sitting down it couldn't have happened," said her escort.

Groucho Marx did dash into the surf for a moment, but ran back out complaining "It's a hard place to keep a cigar lit."

One of the few stars who got wet was J. Fred Muggs, known as "the boy chimpanzee" most likely to succeed in a woman's world."

While trying to outdo his rival, Dave Garroway, he fell into the hotel pool. He flew out in a rage, boarded a plane and left for Havana to test whether the roulette wheels there could really make a monkey of him.

Lively Models

Ever have a desire to stroll barefooted over the bare backs of an acre of lovely women?

Anyone with that ambition who wasn't here over the weekend missed a golden opportunity to achieve it.

A fellow had to be careful where he put his feet down on the beach to keep from putting footprints on the backs of such beauties as Jinx Falkenberg, Jo Stafford, Mary Yates, Gina Lollobrigida, and a dozen or more lovely fashion models.

One of the models disclosed a trade secret—how she kept so gawky slim.

"It's Starvation"

"I carry a sack of tomatoes around," she said, "and whenever I get hungry, I eat one. What else do I eat? Nothing."

What price success? In her case she admits, "It's starvation."

Greatest Eye Catcher

Greatest eye-catcher of the convention was Miss Lollobrigida, who proved she is all she has been stacked to be—and more. Bursting with vitality, Gina appeared at the grand opening in a dress that had what is usually called a "plunging neckline." This dress went into a headlong kamikaze dive. As a local scribe recorded the historic entrance:

"She showed up wearing little more than a few freckles."

"If we could just put her before the camera in that," sighed one NBC station owner, "all our rating problems would be over."

Gen. Sarnoff There

Greatest ear-catcher of the convention was Brig. Gen. David Sarnoff, RCA's board chairman and father of network broadcasting.

In 1916 Sarnoff wrote a memo on the possibilities of a "radio music box." In 1926 he launched

STORM FORCES REFUGEE PLANE INTO BERMUDA

CAMP KILMER, N.J. (AP)—Eleven plane-loads of Hungarian refugees got an unexpected visit to sunny Bermuda over the weekend as bad weather over the Atlantic Ocean forced them down on that British island.

Six of the flights had continued on and reached nearby McGuire Air Force Base, N.J., by early today. The operations office at that huge air center said there was no immediate word when the others would be along.

Most of the refugees, being airlifted to America by the Military Air Transport Service, thought they already had reached the United States when they touched down at Bermuda.

But A/2C Julian Kobazlar, a Hungarian speaking serviceman stationed at Kindley Field there, helped officials set them straight on their whereabouts. Kobazlar is

NBC, the first national network.

Some of the oldtimers who had known him all through the years—from the era when radio was a fresh wonder on into the dawn of color television—were misty-eyed as the granite-faced onetime Morse operator recalled the bygone time when adventurous Americans sat up half the night, ears glued to a crystal set, trying to pick up a station 150 miles away.

The Forgotten Mind

But it was Sarnoff's son, NBC President Bob Sarnoff, who pitched the convention tycoons their keynote phrase on the future of television growth—"color is the booster shot of the fourth decade of network broadcasting."

Discussion of how to speed the spread of color TV so dominated corridor chatter that one wag observed:

"What this country really needs is a new black and white set for the color-blind man. He'll soon be the forgotten man of the industry."

State Gets \$2,500 Found In Mansion

HARRISBURG (AP)—The state treasury was \$2,500 richer today after Atty. Gen. Herbert B. Cohen turned over cash found in the master bedroom of the executive mansion in Harrisburg.

Cohen said the cash was found 22 months ago by Sgt. James B. Snyder, head of the mansion state police detail. It was in a drawer from Waukesha, Wis.

Forced Into South

The bad weather over the ocean forced the "Operation Safe Haven" planes to fly south of their normal route via Newfoundland. The first of the re-routed flights reached McGuire at 1:08 p.m. yesterday.

Among the refugees arriving at this resettlement center last night was Zoltan Rosznyai, a 30-year-old Hungarian symphony conductor slated for a concert in Minneapolis Wednesday.

Rosznyai was one of several conductors of the Budapest Orchestra and fled with his wife and daughter, Christine, 3, who are both in Zurich, Switzerland.

In this country on a one-week visa, he will appear as guest conductor of the Minneapolis Symphony Orchestra in Minneapolis and then return to Europe.

He said he has engagements in Vienna and Zurich next month and plans to organize some 50 other musicians from his homeland now in Europe into a Hungarian refugee orchestra.

When he fled Budapest, Rosznyai left all his possessions in Budapest, including his tailcoat.

"What's a conductor without that," he said.

Meanwhile, the 2,000th refugee to be flown to America since Feb. 14, 1955, Cohen said announcement of the discovery was held off pending filing of some claim for it. He said because a "reasonable" amount of time had passed since the discovery in which claims could have been made, he turned it over to the state treasurer.

Five former governors said they knew nothing about the money.

WORLD ISSUES ON AGENDA FOR IKE AND NEHRU

By JOHN M. HIGHTOWER
WASHINGTON (AP)—President Eisenhower and India's Prime Minister Nehru buckled down today to secret talks on world issues, including Russia and Red China.

Their basic aim is to achieve closer relations between India and the United States.

Eisenhower and Nehru motored to Gettysburg this morning.

Leaving their advisers behind, they plan to stay in the wintry Pennsylvania countryside until mid-morning tomorrow.

Nehru, who recently entertained Premier Chou En-lai of Red China, was expected to tell the President that Chou sincerely wants to clear away Washington-Peking antagonisms. Nehru himself would like the United States to accept Communist China in the United Nations and eventually recognize it.

Warm Welcome

In a talk to fellow countrymen at the Indian Embassy last night, Nehru said Chou had received a warm welcome in India, and he added:

"If the President of the United States were to come to India, and I hope he will, we will give him an equally great welcome."

Nehru described India's role in international affairs as being that of a bridge between nations with conflicting interests. Referring to

an unused filing cabinet located in the bedroom now used by Gov. Leader.

Though the money was found Feb. 14, 1955, Cohen said announcement of the discovery was held off pending filing of some claim for it. He said because a "reasonable" amount of time had passed since the discovery in which claims could have been made, he turned it over to the state treasurer.

The children of the Emmitsburg area were guests of the Home Economics Club of St. Joseph College at their annual Christmas party in Sunnyside, college recreation center, Sunday afternoon at 1:30 o'clock. The social room was converted into a Toyland for the event.

Students, dressed as the Three Wise Men, distributed toys and bags of goodies to the youngsters. The Misses Ann Dodd, Norma Caroli and Margaret Menton, who represented the Wise Men, accompanied the children on buses to and from St. Joseph's. Under the chairmanship of Miss Mary Elizabeth Crenshaw, the gifts were donated by students of both Mt. St. Mary's and St. Joseph's Colleges.

Served Refreshments
During the afternoon the girls led the children in "London Bridge Is Falling Down," "Farmer In The Dell" and "Ring Around The Rosie." Later the youngsters were taken to the crib to say "Happy Birthday" to the infant Jesus in keeping with the significance of the Yule season. Later they were returned to Sunnyside where refreshments of hot chocolate and cookies were prepared and served by the Misses Mary Frances Baril and Mary Sue Butler, freshmen.

Sister Mary Edward, M.S., served as moderator for the annual event at the college. She was assisted by Miss Mary Regan, general chairman, Miss Katherine Taggart, entertainment chairman, and Miss Maxine Hansen, chairman of the decoration committee.

Red Cross Sends Cookies, Gifts To Veterans

Six hundred dozens of cookies and scores of other Christmas gifts were taken by the Adams County Red Cross to the Veterans' Hospital at Lebanon and to the New Cumberland Army Depot on Saturday.

In the photo above Mrs. Peggy P. Hill (right), the chapter's executive secretary, is shown with some of the presents as they were preparing to take them to the army establishments Saturday morning.

On the left is Miss Jean Bucher, office secretary at the Red Cross office here, and in front of her is Mrs. Louise Hoffman, of the Red Cross Motor Corps, who made the deliveries.

There were 100 favors, quantities of tinsel, red and green crepe paper, candy bars, candy cones, pocket combs, puzzles, playing darts, 20 centerpieces, two crates of tangerines and 12 bushels of apples. Champ McKendrick and Oliver W. Reynolds, USA (retired), helped load the gifts.

The cookies came from Mrs. Martin Lutz, Mrs. Milton Plank, Mrs. George Boehner, Mrs. W. E. Tilberg, Mrs. Frank Kramer, Mrs. Harold Dunkelberger, and the East Berlin, Delone, Littlestown, Biglerville, New Oxford and Gettysburg High Schools. The gift wrapping was done by Mrs. Albert Bachman, Mrs. Kramer, Mrs. Boehner, Mrs. P. J. McGlynn and Mrs. William Pensyl.

Ten of the centerpieces came from John Byers and the high schools supplied the others. Mrs. Krmer gave the two crates of tangerines. The apples came from Rices, Delone High School and Biglerville.

4 Are Injured When Car Hits Embankment

Four passengers in a car traveling east on Route 35 were injured and the car damaged to the extent of \$250 Saturday night when the car skidded on the wet and slippery highway in Franklin Twp. and struck a three-foot embankment.

The car was driven by Raymond Melindes, 22, Aspers R. 1, a fruit laborer. Passengers in the car were: Raymond Escobar, 31, Biglerville R. 2, who suffered a fractured nose and fractured upper jaw; Francis Sponte, 26, Aspers R. 1, who was treated for a contusion of the face; Everisto Reyes Diaz, 28, Biglerville R. 2, also treated for lacerations of the eyebrow. All men were rushed to the Annie M. Warner Hospital, Gettysburg, by the hospital ambulance and given medical treatment.

The driver of the vehicle, Melindes, was arrested by state police for driving without an operator's license and for driving too fast for conditions. He paid a \$10 fine and costs on each count Saturday night following the accident.

ment wanted to establish its own legality by reviving such pre-revolution constitutional bodies as the Federal Parliament and the Presidential Council. However, many outstanding political figures in both are in the Soviet Union and have been described officially as enemies. And none of the non-Communist leaders Kadar needs to give his regime some semblance of popular support have a seat either in Parliament or in the Presidential Council.

Talks are expected to start soon, probably before Christmas, with leaders of the Small Holders and the Petoefi (former National Peasant) parties. The aim is to get a broadened government which could command support from the workers and the farmers which Kadar definitely lacks.

Exiles To Return

It is also believed that Prof. Gyorgy Lukacs, Zoltan Szanto and Zoltan Vas, veteran Communists who found asylum in the Yugoslav Embassy with former Premier Imre Nagy and who were later exiled to Romania, will return to Hungary soon.

Szanto appears to be a possible choice for the premiership when the Russians get ready to drop Kadar. Kadar would most likely keep his post as first secretary of the Communist party and try to rebuild the party, which was virtually shattered by the armed revolution.

A reliable Hungarian informant said there were no major Russian military or political figures in Hungary "for the time being." This source said that Gen. Ivan Serov, head of the Soviet secret police, had been in Hungary recently but had now left.

Posters appeared on Budapest walls today demanding that Polish troops take over the occupation of Hungary "in a spirit and on the grounds of the Warsaw agreement."

The Hungarians who secretly posted the placards apparently would resort to anything to get the Russians out.

county might have difficulty in proving need so it could buy back the land if that eventually developed.

John H. Basehore and Harry D. Ridinger, local real estate agents, held that \$45,000 was a fair price for the ten acres and more than could probably be obtained at public sale.

The school site sale was one of two matters brought before the court by the commissioners this morning on which the court postponed action.

Attorney Charles W. Wolf asked the court to postpone to a later date the hearing scheduled for Wednesday on the appeal of Inland Container Foundation from the assessment on its property in Biglerville. Attorney Wolf held that the commissioners had only two weeks' time to obtain competent appraisers to look over six other industrial properties in the county which Inland Containers plans to use as a basis for its appeal — comparing the assessments for those plants with its own assessment. Wolf said the commissioners had been unable to obtain men to do the work that swiftly.

The court held that it was the duty of the commissioners as the assessment board to have all properties in line and saw no reason for postponement. A decision is probably due this afternoon on the request.

U.S.S.R ACCUSES 3 U.S. BOMBERS OF TRESPASSING

MOSCOW (AP)—The Soviet government has accused three U.S. B57 jet bombers of trespassing near the big Pacific port of Vladivostok last week on a flight that was "clearly a reconnaissance attempt."

A Soviet note sent the State Department via the U.S. Embassy in Moscow demanded punishment for those responsible and that steps be taken to "prevent future violations of the state frontiers of the U.S.S.R. by American aircraft."

(U.S. Air Force officials in Japan, where B57s have been stationed since last January, said they had no knowledge of any such flight. The State Department withheld comment until the note could be studied further.)

Weather Was Fine
The note said the three American planes flew over the area of the big Siberian naval base Dec. 11 in the early afternoon.

"Fine weather and good visibility prevailed in the area, precluding the possibility that the pilots lost their way," the note declared. It contended the flight "can be regarded only as a premeditated action of the U.S. military authorities with obvious reconnaissance purposes."

Earlier Charge Denied
The note gave no indication of any action taken by Soviet defense forces against the planes. But it concluded that "in the event of a recurrence . . . responsibility for the consequences of such violations will rest squarely on the government of the U.S.A."

Two Soviet MIG fighters shot down a U.S. Navy patrol plane off Vladivostok Sept. 4, 1954, and the Soviets charged the plane had flown over Siberia. Nine of the 10 men aboard were rescued. The United States denied the Russian charge of trespassing and said the plane was over international waters.

IRAQ PREMIER VOWS HE WILL STICK TO WEST

By DAVID MASON
BAGHDAD, Iraq (AP)—Premier Nuri Said vowed last night that Iraq will stand firmly with the West against communism despite a chorus of criticism from Moscow, Cairo and Damascus.

Cries from other Arab nations against the controversial Baghdad Pact alliance, he declared, were really aimed "simply and solely to destroy Iraq" and put it at the disposal of others.

He said Iraq will remain a member of the U. S.-backed alliance, which joins Iraq with Turkey, Pakistan, Iran and Britain in defense against Communist aggression.

Call Strike Today
The 68-year-old strongman told his people over Baghdad radio that opponents have heaped "insults, fabrications and inventions" on Iraq "to an extent that it is alleged to be on the verge of collapse."

"Certain members of these parties have brought those fabrications true by agitation and stirring up disturbances, by creating panic among the public, by throwing bombs and explosives in public places and the buildings of foreign embassies, and trying to organize networks for assassinations."

U. N. PATROLS ATTACKED AGAIN IN PORT SAID

By LEONARD EDDINGTON
PORT SAID, Egypt (AP)—Tension mounted in this port city Saturday, Egyptian guerrillas attacked U.N. police force patrols and the British army cracked down on the Arab populace with tough search measures in an effort to find a kidnapped lieutenant.

Three hand grenades were hurled at a jeep patrol of Norwegian members of the U.N. force and small arms fire was directed at a Swedish patrol, U.N. officials said.

There were no casualties but Maj. Gen. E. L. M. Burns, the police force commander, protested strongly to Egyptian authorities in Cairo. It was the first such attack here on the U.N. soldiers.

Guerrillas More Active
Egyptian guerrilla activity increased as the time neared for complete withdrawal of British and French forces in accord with U.N. directives. Cairo newspapers said the withdrawal would be completed today but U.N. officials said no definite time could yet be fixed.

British forces also came under new guerrilla attack. One Egyptian was killed.

The U.N. units wore the blue helmets of the police force but a British official said there was a possibility they might have been mistaken in the early morning

raid, the Egyptian Federation of Trade Unions and the Egyptian Lawyers' Syndicate ordered all their members to strike today to protest what they called the Iraq government's "terrorist campaign."

Spokesmen said the strikes were called in response to a Damascus broadcast saying political prisoners in Iraq would be tried secretly today. The Pan-Arab People's Conference, an organization of political parties in eight Arab countries, urged all Arabs to strike against "Premier Nuri Said's prosecution policy against the Iraqi people."

Trying 5 Leaders
Five Iraqi political leaders, including a member of Parliament, are being tried for allegedly stirring up trouble. Iraq has been under martial law since Nov. 1. Schools have been closed and rigid press censorship imposed.

The Premier declared Iraq has three enemies: communism, "aggressive Zionism" and France. The present propaganda campaign against the country, he said, is directed by the Communists.

CHEERS, BOOS FOLLOW FIGHTS

CLEVELAND (AP)—Joe Giardello's workmanlike victory over Charley Cotton pleased Cleveland fight fans Friday night, but they booed the Yama Bahama-Jimmy Martinez bout that a national television audience saw.

The middleweight 10-round co-feature—one televised and one not—were a new twist for the 31st annual Cleveland News Toyshop Fund Boxing Show. It drew 9,031 customers to the Cleveland Arena, with a gate of \$61,752.

Bahama won the TV fight by a unanimous decision. He said in the dressing room that the considered it a tough fight, but the fans thought it was dull.

Giardello—a favorite in Cleveland since his vicious knockout victory over Bob Boyd last September—drew cheers as he outpointed Cotton. The unanimous decision was Giardello's second in a row over Cotton, who beat Giardello twice before their last previous meeting in Milwaukee.

Giardello at 159 pounds was four pounds heavier than Cotton. Martinez weighed 155½ to 153 for Bahama.

Taneytown

TANEYTOWN—Stanley King was elected president of the Taneytown Fire Department at its regular monthly meeting. Others elected are: Vice president, Maurice Parish; recording secretary, Robert Waddell; financial secretary, David Smeak; treasurer, David Smith; trustee, Birnie Staley, and chief, Charles Baker. The ground committee is considering the purchase of the three-acre Burke property between the Reformed Church Cemetery and Memorial Park. The chief reported four calls during November and the ambulance committee seven calls.

There was speculation the guerrillas may be members of the outlawed nationalist Moslem Brotherhood trying to put Egyptian President Nasser in an embarrassing situation.

REPORT RISE IN HUNTERS KILLED IN ACCIDENTS

HARRISBURG (AP)—The State Game Commission said more hunters were reported killed by accidental gun fire in 1956 hunting seasons than in the two previous seasons.

A total of 22 gunfire fatalities have been reported so far this year with a possibility that some more might be reported within the next few days.

Of this number, eight were reported during the two-week buck deer season which ends at 5 p. m. tonight.

Last year 19 persons were killed in hunting accidents while in 1954 the total was 21. For the five years before that the figure ranged from 16 to 34.

A commission official said that this year "most of the deaths apparently were caused by teen-agers or hunting companions who were careless in loading, unloading or carrying firearms."

The commission has not completed its age breakdown of the preliminary reports, but teen-agers were involved "in a major number of the cases." Two of the four killed early this week were 14 and 17.

Eleven persons were fatally shot during the small game season, two hunting woodchuck and another in a miscellaneous hunting accident.

"Every day, Blue Cross
looks better to me!"

"Hospital costs have gone up and up over the years,
yet I've seen thousands of Blue Cross patients leave
here with little, sometimes nothing, to pay."

You could easily overhear a comment like this whenever nurses get together, because day in and day out, nurses see at firsthand how Blue Cross protects its members against the rapidly rising costs of hospital care. Since 1946, the steep climb in wages and salaries, and the increased cost of supplies and equipment has nearly tripled the cost of hospital care nationally. In the past year and a half, 30 out of 45 hospitals in the Central Pennsylvania area have been

forced to increase rates. That is why you are wise to keep your family's health and the family budget protected by dependable Blue Cross.

Most people join where they work. If there is no Blue Cross Group where you work, perhaps one can be started. Otherwise, you may be able to join on your own. Just write BLUE CROSS, BOX 206, HARRISBURG. Information will be mailed to you promptly.

**A CONCRETE lot helps you raise
more beef with less feed and labor**

A paved feed lot boosts beef production because on concrete the feed is eaten—not trampled in the mud. Less work is needed to keep the lot clean and a great deal more manure can be recovered.

The cost of a concrete barnyard is surprisingly low. Many farmers find that a paved lot actually pays for itself in as little as one year. On concrete cattle can be fed to heavier weights before marketing—no need to ship lightweight cattle in the "muddy season."

A concrete barnyard requires little or no upkeep yet puts extra profits in the bank year after year. Mail coupon today for free booklet on concrete feed lots or information on other concrete improvements.

buck season is available but preliminary estimates of the kill are expected in a week or two. Final figures will come later.

The commission is sticking to its pre-season prediction that since the supply of deer is plentiful the kill "will compare favorably with last year's results. About 45,000 antlered deer were reported taken in 1955.

Wet Weather
The prediction holds despite the fairly general wet weather over most of the state which commission officials believe may reduce the normal "last-day" rush to the woods.

At the same time the commission disclosed that the number of deer reported killed during last

month's bow-and-arrow season had reached a record of "well over 200" and are "still coming in."

Last year 119 deer were killed by 17,318 archers but this year the number of special archery licenses issued jumped to 26,000. The 1955 kill compared with 55 recorded in 1954 and 84 a year earlier.

IND NEHRU

SEEK PEACE IN DIFFERENT WAYS

By JAMES MARLOW
 Associated Press News Analyst
 WASHINGTON (AP) — The two men who talk today at Gettysburg — President Eisenhower and India's Prime Minister Nehru — came out of worlds so different they might have been in different centuries.

Both men are natural leaders. Both have tempers. Both go in for platitudes. Both earnestly want peace. That much they have in common.

Eisenhower, a West Pointer trained to use force to preserve freedom, relies heavily on staff work to run the government.

Nehru, an intellectual who helped lead India to freedom through passive resistance, is less than an ideal administrator. He seems to trust himself most.

Nehru Has Many Jobs
 A good example is the number of jobs he holds: prime minister, foreign minister, defense minister, head of the planning commission and supervisor of the atomic energy program.

Eisenhower came from a family where all the sons had to earn their own way. All his adult life he lived under military discipline.

Nehru, only son of a wealthy father, never had to work. But he created his own personal discipline of passive resistance which he adhered to rigidly, even when jailed and when British troops beat him with sticks.

Eisenhower, an extrovert, loves the outdoors, likes to have close friends around. He is a fairly uncomplicated man who can talk over his problems and his thoughts with his aides.

Enigma To Friends
 The introverted Nehru likes people in the mass — according to his biographer Frank Moraes — but is so complicated that he never reveals himself completely even to his most trusted friends.

Eisenhower is head of the strongest nation on earth, and the most modern in its industrial development.

Nehru is head of one of the largest nations on earth — its 400 million people more than double the number of Americans — and one of the oldest. But among the big powers, it is militarily the weakest.

Eisenhower is trying to keep the United States in the lead in every way in the 20th century. Nehru is trying desperately to get India into the 20th century.

In the Virgin Islands, 5,000 acres have been donated by Laurence S. Rockefeller so that the island's old plantations can be restored to grow sugar cane and tropical fruits.

Record Missile By Army Sets New Speed And Altitude Marks

WASHINGTON (AP)—The Army reportedly has fired a test missile more than twice as high and fast as any projectile yet launched by man. The missile was said to have gone farther than any previous un-manned vehicle.

The Air Force is getting set possibly to duplicate or exceed the accomplishment.

In a forthcoming issue of Missiles and Rockets magazine, its editor, Erik Bergaust, will say that an Army "Jupiter C" three-stage test device reached an altitude of almost 650 miles and a distance of 3,300 miles. He will say it flew almost 15,000 miles an hour — 19 times the speed of sound.

Tracked To Ocean
The Army declined comment, but other informed sources said the information was accurate.

They added that the Air Force is set at Cape Canaveral, Fla., to launch a test model of the Douglas Thor which, like the 80-foot-long Jupiter, is an intermediate range ballistic missile. The Jupiter was developed by the Army and Navy.

Bergaust said in an interview the Army launched the Jupiter C after dark the evening of Sept. 20. He said it went out over the missile test range extending 5,000 miles from Patrick Air Force Base in Florida across the Caribbean and the South Atlantic.

He said it landed well off South America, some 1,400 miles west of Ascension Island, tracked all the way by radar.

Cardinal Rejects "Baby Doll" Film

NEW YORK (AP)—In a rare pulp appearance, Francis Cardinal Spellman yesterday sharply condemned the film "Baby Doll" and advised Roman Catholics not to see it "under pain of sin."

He denounced the Warner Bros. adaptation of a story by playwright Tennessee Williams as "evil in concept . . . certain to exert an immoral and corrupting influence upon those who see it."

"I exhort Catholic people from patronizing this film under pain of sin x x x," declared Cardinal Spellman, the archbishop of New York.

His denunciation drew immediate responses from Williams, Warner Bros. and Ella Kazan, producer and director of the picture. Kazan denied that "Baby Doll" was immoral and declared:

"In the court of public opinion I'll take my chances."

9 TEEN-AGERS BEING HELD IN MURDER CASE

PHILADELPHIA (AP)—Nine teenagers have been held for the grand jury in the slaying of a check-cashing agency executive who stepped into the line of fire during a teen-age gun battle on a Philadelphia street.

Juvenile Court Judge Victor Di Nubile ordered the youngsters held on homicide charges on Friday despite a surprise plea by the prosecutor that the charges against 26 gang members be dropped.

Asst. Dist. Atty. Theodore Smith told Di Nubile his office did not have sufficient evidence to show who fired the bullet that struck Chris Schauer between the eyes. Smith said it was impossible to prove that anyone of seven guns confiscated from members of the gangs, known as the Spaniels and the Tenderloins, was the murder weapon.

Di Nubile ordered the hearing to continue after objections to Smith's proposals by police officials and by Thomas R. MacFarland, counsel for Schauer's family. Instead of lowering the charges to juvenile delinquency counts, Di Nubile decided there was a prima facie case against nine of the youths.

Twelve others were held on
